

# ROVE R2-4K DUAL Dash Cam Front and Rear - Placeholder User Ma

ASIN: B0D6J5B98H

This is a simulated PDF manual for workflow testing.

Replace this file with the official product manual before customer delivery.

Quick setup checklist:

1. Mount the front camera securely on the windshield.
2. Route the rear camera cable safely along trim panels.
3. Insert a supported microSD card and format it in the camera.
4. Connect the mobile app and confirm live preview.
5. Test loop recording, emergency lock, GPS, and parking mode.

Support note:

For accurate instructions, use the official manufacturer manual.
